Marc / Nancy / Micah,

Based on this prior announcement below, it appears Virginia Tech did receive the funds from the EPA – question is how is this connected exactly to Marc Edwards and Flintwaterstudy.org in in sources/uses of the grant funds?

Where are the disclosures on how Flintwaterstudy.org connects with Virginia Tech and potential use of the funds from the EPA? It is confusing and appears to the public that Flintwaterstudy.org may be the official communication related to the EPA funding of Virginia Tech / Marc Edwards.
